

A 3D architectural rendering of a building complex. The scene shows several multi-story buildings with various rooflines and facades. A central street runs through the complex. Callouts with arrows point to specific locations: a red arrow points to a small red-outlined window on a building in the upper left; a blue arrow points to a narrow alleyway between buildings in the center; another blue arrow points to the entrance of a large building with a dark facade in the lower left. The surrounding area includes green spaces with trees and a parking lot with several cars.
